III. Applicable Passengers

International transit passengers via Incheon International Airport within 24hours departing from/arriving at Busan.

IV. Detail

1. The additional flights enable passengers to transit through Incheon-Busan routes from Chicago, Los Angeles, San Francisco, and any US gateways.
2. Reservation and ticketing of ICN/PUS should be connected with international segments. If not, conjunction ticket must be filled in reservation or endorsement.
3. All ICN-PUS flights will be transit exclusive domestic flights and transfer procedure at Incheon airport will be the same as other international flights. The immigration process for Korea will be carried out in Gimhae (Busan) international airport, the final destination.
4. Incheon International Airport will be only used as a transit area, and once passengers pass through immigration, they will not be allowed to reenter the terminal to board the flight to Busan.
5. Checked baggage of transit passengers will be all the way through to the final destination.

V. Remarks

- **Not valid for passengers traveling Korean domestic route between ICN and PUS only.**
- Please refer to GDS for details.
